

GP BBSR - CENTRAL LIBRARY

A gateway of knowledge

The Central Library at GP BBSR is well equipped with modern facilities and resources (print and electronic) in the forms of CDROMs, DVD-ROM, online databases, micro-documents, video cassettes, books, journals, theses, reports, etc. It has also developed a full-fledged E-Resource center equipped with necessary modern equipment in order to provide various digital mode Library services. Digital Library has developed an institutional digital repository using open source software DSpace, which preserve the institute's intellectual publications.

Central Library sets the goal of establishing a world class library by integrating information sources and services across disciplines in one umbrella by building a sound and comprehensive collection of both conventional and electronic resources on all branches of knowledge with a robust hi-tech infrastructural facilities and to redesign and revamp the systems and services in efficient, effective , and dynamic ways tailoring to meet the myriad information needs of students, research scholars and faculty members of the university pin-pointedly, exhaustively and expeditiously anywhere on campus for the sake of promoting academic excellence.
